

I am a box on top of a stick or maybe I'm made out of brick.

However I look, one's thing for sure, I'm where you'll find a letter...or two or three or four!

I have doors, windows and a boot.  
Look underneath me to find the loot!

The birds call me their home and I like to provide shade.

Look around me, up or down, to have your day made!

Your home and your neighbours' are separated by me.  
Looking the whole way around is definitely the key!

Use me to water the garden and make the plants grow!

The biggest hint here, is that it's where the water flows!

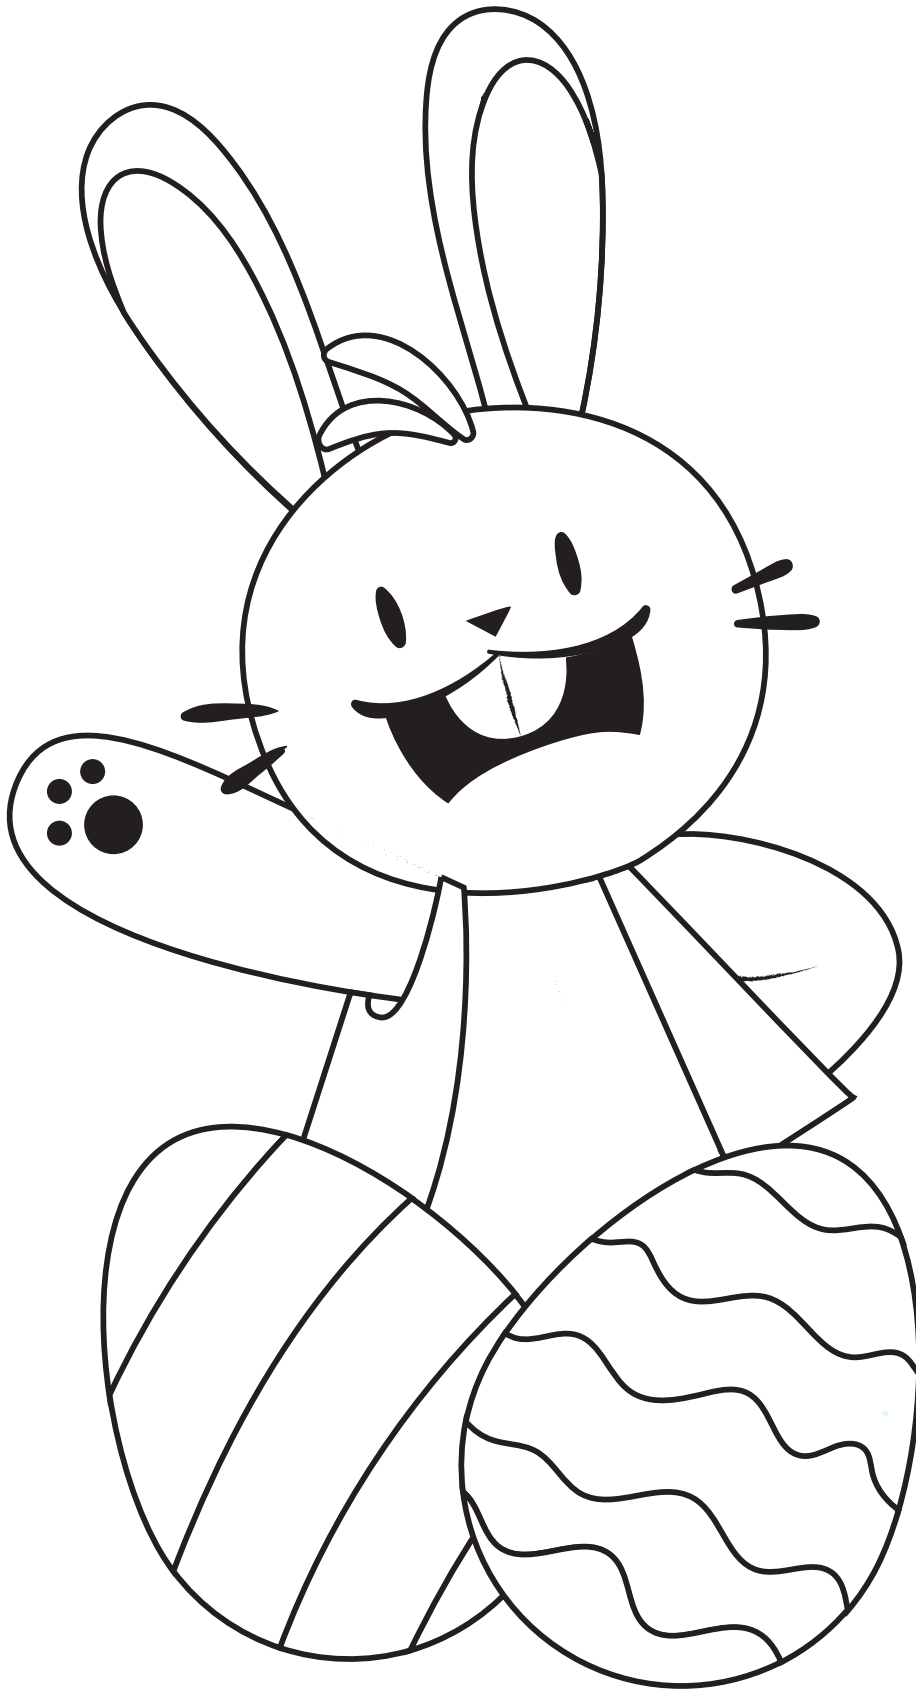

When I get too long, I get a haircut just like you.  
Look around me carefully for a surprise and get your next clue!

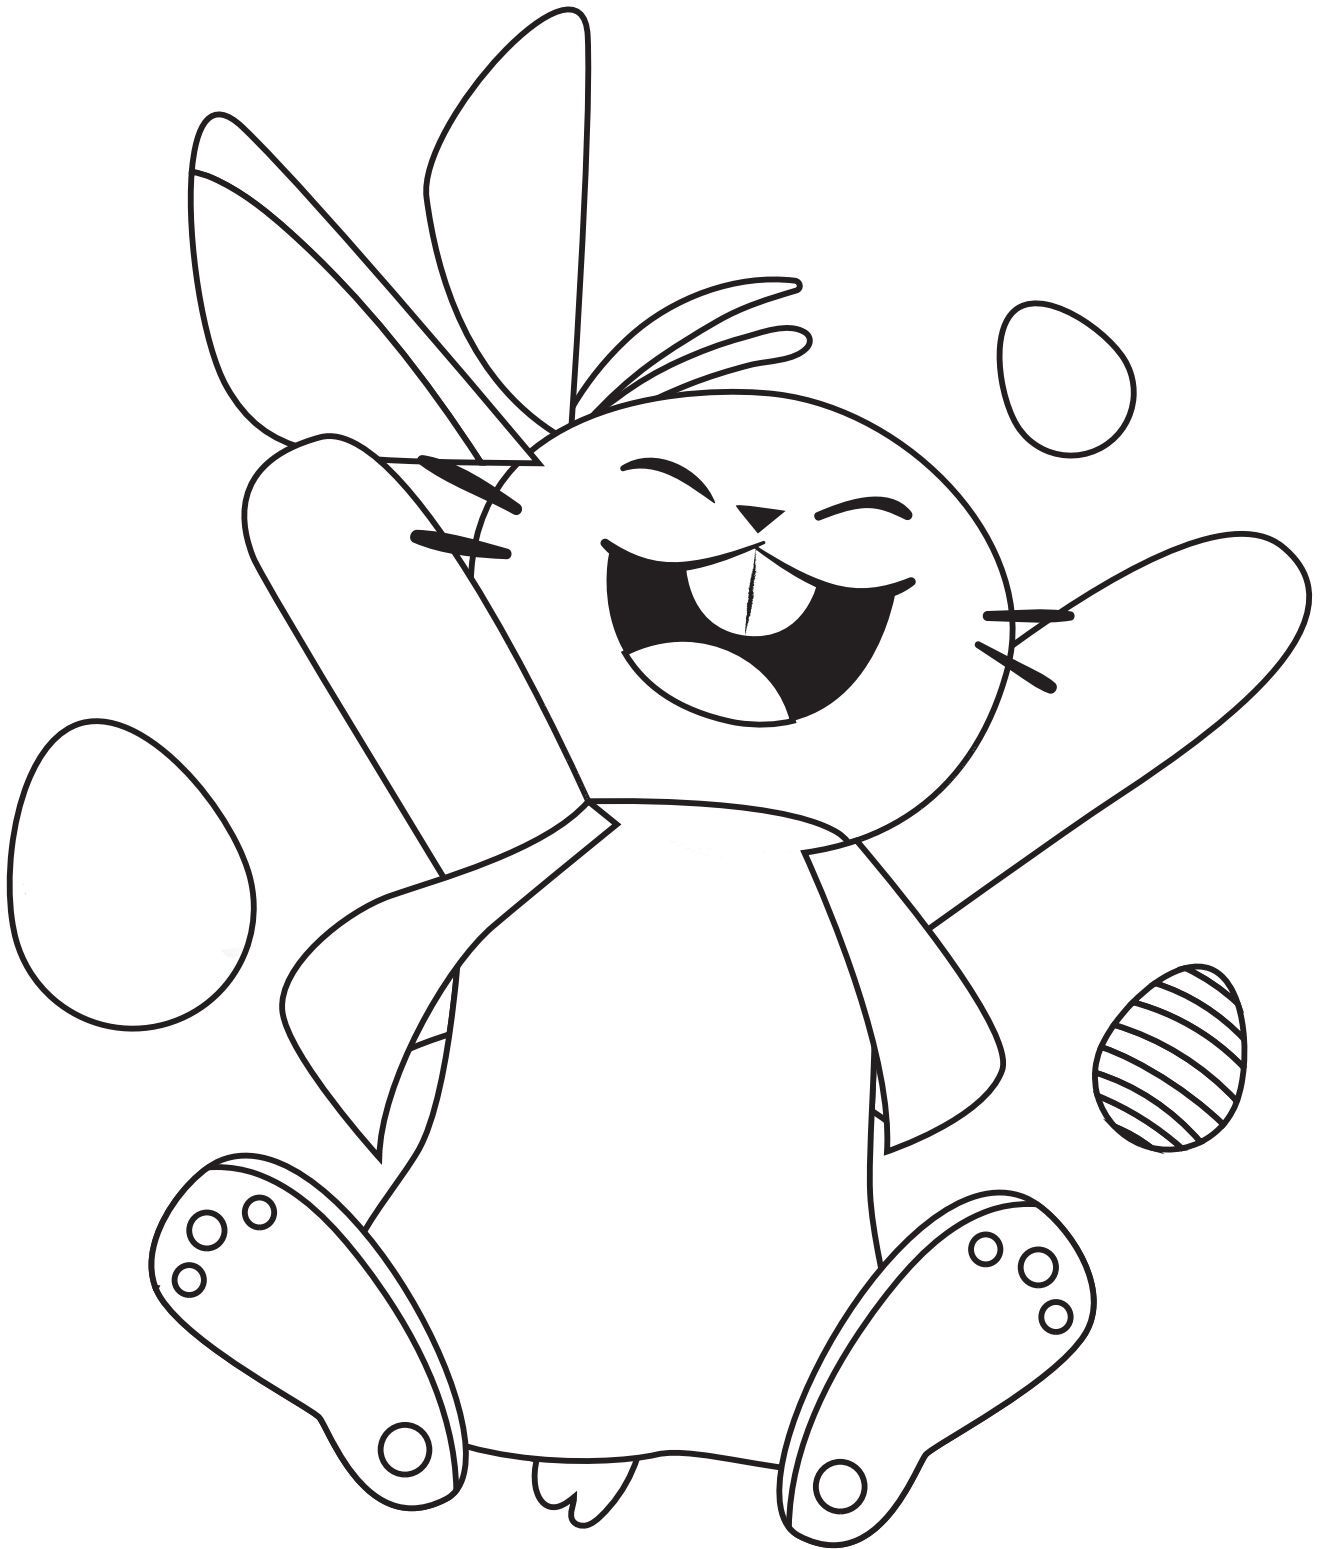

Here is where you wipe your feet!  
But look at me now, I hold you a treat!
